LORR CONSTRUCTION, INC.

Building Strength. Delivering Trust.

LORR CONSTRUCTION, INC.

Building Strength. Delivering Trust.

Lorr Construction, Inc. is a general contractor delivering safe, reliable, and high-quality concrete repair and structural rehabilitation projects for public-sector and infrastructure clients. Our mission is to build lasting relationships while empowering our employees through a strong safety culture, transparent communication, and continuous improvement. We support DOTs, federal agencies, and prime contractors by executing technically sound work that extends the service life of critical infrastructure.

Core Competencies

- Structural concrete repair & rehabilitation
- Bridge overhang, deck, and substructure repairs
- Rebar replacement & corrosion mitigation
- Structural strengthening & service life extension
- DOT, USACE, and public-sector project support
- Traffic control & work zone coordination
- EM 385-1-1 compliant safety programs

Our Values in Action

- Safety – The health and well-being of our employees, clients, and partners is our top priority.
- Teamwork – We collaborate closely with owners, inspectors, subcontractors, and partners.
- Positive Attitude – Professional, respectful, and solutions-oriented approach.
- Transparency – Open, honest communication throughout the project lifecycle.
- Continuous Improvement – Ongoing refinement of processes, skills, and performance.

Differentiators

- Safety-first culture aligned with federal and DOT requirements
- Proven performance supporting civil infrastructure and government clients
- Transparent documentation and communication
- Agile, responsive contractor with hands-on leadership

Our Team

- Key personnel have more than 60 years of experience in the construction industry.
- OSHA and EM 385-1-1 trained personnel
- Work zone supervisors, flaggers and technician certified personnel
- Personnel with engineering degrees and certifications in Quality Control
- In-house scheduling capabilities with Primavera and MS Office
